Medford Parks and Rec may be staging a large-scale youth tournament during this week. They have asked us to hold this week open on the schedule and to provide volunteers for the event if it does in fact happen. If the city does not move forward with an event in this week, we will have pick-up games on Wednesday, July 26.

Note: Only one game on 9/27

Sept. 27th is the last scheduled games of the season. After the first game everyone is to meet at Wild River Brewery for our annual fall meeting. This meeting is very important as new officers will be elected along with any rule or equipment changes. Members present will be voting on any changes for the 2024 season.

10/4 Pick-up games begin this week and continue weekly as long as weather and player interest allow.

Batting practice will continue through the fall and winter on Tuesday and Thursday starting at 11:00 am or earlier and continue until we start all over again in the spring.
